

YOUNG INVESTIGATOR AWARD APPLICATION SAMPLE BUDGET

The total project budget must be directly entered into the online application. Budget justifications for the entire period, for each item requested, must be entered by clicking the **Notes** icon next to the Year 1 header. You may upload additional justification in the Uploads Section under Supporting Documentation, if needed.

The following budget limitations apply:

- **Total Award:** The grant amount is \$50,000 for one year. The budgeted amount must not exceed \$50,000. All funds will be paid directly to the sponsoring institution.
- **Research Support:** At least \$46,000 should support costs directly related to the research project such as personnel salary, supplies, equipment, and other expenses. Patient care costs that are reimbursable by a third-party payor are unallowable costs.
- **Travel:** Up to \$1,500 should be allotted specifically for travel to the Annual Meeting and for any other travel essential to conducting the study.
- **Indirect Costs:** This is limited to 5% of the total grant amount, or \$2,500.
