*The meeting will be held at the American Society of Clinical Oncology offices
2318 Mill Rd #800, Alexandria, VA 22314*

All sessions will be live streamed via Zoom unless otherwise noted

September 30 | Monday

5:00 – 7:00pm ET **Reception (location to be announced)**
(tentative) Hosted by [SmartSimple](#)

October 1 | Tuesday

8:30 - 9:30am ET **Breakfast and Networking**

9:30am - 10:00am ET **Welcome**

10:00am - 11:00am ET **Generative AI for Tracking and Communicating Research Impact**
The recent emergence of generative AI has many in the non-profit sector scrambling to keep up. This is especially true in terms of leveraging AI to measure, track and communicate the impact that research grant funding and its outcomes have on science and society. In this session, we will hear use cases and best practices on how AI can be used to capture, evaluate and communicate research impact to donors and stakeholders.

Presenters

Chris Belter

Program Analyst, Division of Extramural Research | Eunice Kennedy Shriver National Institute of Child Health and Human Development, US National Institutes of Health

11:00am - 12:30pm ET **Lunch**

12:30pm - 1:45pm ET **How do Foundations Successfully Implement or Manage DEI Grant Programs in Light of Anti-DEI Legislation?**
In light of the recent Supreme Court decision on Affirmative Action, and other state anti-DEI legislation, foundations are at a crossroads when it comes to managing DEI grant programs. This session will explore how Foundations can remain compliant with current legislation while offering grant programs that institutions can accept that continue to advance DEI-related efforts.

Breakfast

Grants Administration Learning Community Meet-Up

9:00am - 10:15am ET

Partnerships: Two sides of the same coin

Partnerships can be so much more than cofunding a research program. From partnering with corporations, to engaging with industry partners, to collaborating with other nonprofits and consortia, diversity in partnership is beneficial to furthering the goals of HRA member organizations. This session will explore how our member organizations can partner with nonacademic organizations to further shared goals in biomedical research. HRA members and their partners will provide dual perspectives and real-life examples on the successes and challenges of the partnership and provide take home lessons for attendees interested in pursuing similar partnerships.

Presenters

Kuldip Dave, PhD

Senior Vice President of Research | The ALS Association

Deb Gokie

Vice President of Consumer Health and Ease of Use | Arthritis Foundation

Alessio Travaglia, PhD

Director, Translational Science, Neuroscience | Foundation for the National Institutes of Health
